=====  
Chorus  
=====

V2

I'll get some cheese & crackers & a bottle of good wine  
We'll hike to Moose Meadows  
We'll take our time  
A quilt of wild flowers along the trail  
A view of the mountains & ocean air  
There's no other place I'd rather be  
Than with you living wild & free

=====  
Chorus  
=====

V3

I never told you, but I never forgot  
How I first saw you in the Mt Market parking lot  
I didn't see it coming  
How our heart's would collide  
Now I'm loading up with snacks for the ferry ride  
I'll be down south while you do your northern winter thing  
I'll look for you when I'm back in the Spring (I'll meet you at...)

Chorus (repeat last two lines)
